

Claudine Boess

Academia 2010

Claudine Boess France

My name is Claudine BOESS and I live in France, near to Strasbourg. I work as a guidance counsellor at an academic service. Guidance counsellors depending on the Ministry of Education. They have a degree of psychology.

I take charge of the affectation of the student after a professional exam. And I'm a coordinator Academia. I make the link between the French candidates and the European coordinators.

I am looking forward to learn about guidance system in Ireland, meet counsellors from other European countries and to share knowledge and ideas with colleagues in Dublin.

Best regards

Claudine
