Kjell Ståhl
Sweden

My story so far,

- 1) Industrial Vocational education 1969
- 2) Graduated Woodworking Teacher 1973
- 3) Graduated Career Adviser 1999. (guidance counsellor)

Worked in school for 35 years. Primary and Upper secondary school.

Lives in the south-eastern part of Sweden, in a small village called Tving, which is close to Karlskrona. Lot of snow nowadays.

Got a family with two kids and spending some time in my garage, renovating an old car, jolly good. Even the house takes its time.

In my profession as a Career Adviser I'm in charge of Building Construction program, Electric and Electronic program, Vehicle program, Energi program with Plumbing and Shipping.

Looking forward to meeting all of you participants, Im sure it will be a great time together.

Best regards
Kjell Ståhl
