Mila Marin Jorda

Spain

My name is Mila and I work as a Guidance Counsellor at a High School. I have managed the education and Orientation Department at the high School " Cid Campeador" in Valencia (Spain) for 20 years. My school is in the city centre and there are young people from 12 to 18.

I develop guidance services and strategies to orientate pupils and families. I give educational training courses for teachers for recycling-learning.

I'm teaching in the "Master of Arts" in the Valencia University.

For me it's very interesting to participate in the Academy Project in Ireland because it's an opportunity to exchange information about my profession with other professionals from over Europe.

Also I've never been to Ireland and I only know Dublin through James Joyce and "Ulysses" !!! I would like to visit Dublin these days.

My interests are: travelling, reading, listening to music ... and I like doing sport. I'm working hard on my English and I hope people will understand me.

I would like you to visit Valencia sometime in the future as it is a very interesting city.

Thank you very much in advance.

Yours faithfully. Mila.
