

Tool no.6 Guidelines for Policies and Systems Development for Lifelong Guidance

As a group – please discuss how you could use these ELGPN Guidelines:

- (i) Locally- in your guidance service/school
- (ii) Regionally – in your branch and network meetings
- (iii) Nationally

Locally	Regionally	Nationally
<ul style="list-style-type: none"> • Guidelines will be used to benchmark our work! • Data gathering 	<ul style="list-style-type: none"> • User guidelines to enhance cooperation and interaction and communication. • Data gathering. • Adult education – who are they, why are they going to Adult Education and who advised them 	<ul style="list-style-type: none"> • National awareness of the relevance of guidance. • EU Member States better linkages. • Dialogue – interdepartmental dialogue with social protection, Ed and jobs – DSP. Need to promote guidance with the DSP. (National Forum 2007 – i.e. revisit that report – with particular reference to the proposed structures. • We are missing a national infrastructure for guidance across all relevant stakeholders. • There has to be a national structure to develop guidance based on the concept of CMS. • Widen the audience in guidance community group between second-third-adult setting. • National skills strategy should be informed by these guidelines. • Patchy – no national guidance service for adults target groups. • Missing out national level measurement of who are the clients, what is being delivered and who is availing of it.
