

Notes:

Using the Career Learning Plan (CLP)

1. Collaborate with the adolescent in identifying goals for making a career decision.
2. Identify a resource or activity.
3. Note the purpose of using the resource or completing the activity.
4. Note the estimated time commitment to use the resource or complete the activity.
5. Note the goal served by using the resource or completing the activity.
6. After all of the above are completed, select a priority order for using resources and completing activities
