

Time To Move 2017 – Press Release

Time to Move is a Eurodesk Europe-wide campaign which informs young people and those who work with them about opportunities to work, study, train and volunteer in Europe, as well as provide useful local contacts in the area of Youth and European Information.

Hundreds of activities await participants in many European countries, including Ireland, from 1 to 31 October 2017; all are free of charge and listed by area on [TimeToMove website](#).

The 2017 TTM edition **targets young people** (18-30) who do not have access to or do not know about learning mobility projects in Europe. This year's TTM **is especially aimed at young people who may be struggling to find their place in society and for whom partaking in a learning mobility project would be especially beneficial.**

Following Time To Move national events in Dublin in 2015 and 2016 the Time to Move campaign in Ireland will be extended this year to four regions and take place in Dublin-Blanchardstown (3 October), Tipperary (10 October), Ballinasloe (17 October) and Letterkenny (19 October). This should allow more participants to attend the events as well as facilitating the networking of organisations at local level.

All regional events will be supported by Leargas/Eurodesk and the National Centre for Guidance in Education (NCGE)/Euroguidance as a common project, bringing together people working in the youth sector and in guidance counselling.

The Time to Move events will be open to Youth Information workers, Training Centre Managers, Adult Education Guidance Counsellors and Guidance Information officers, Youthreach Advocates, Jobsclub Guidance Counsellors, Mediators and other organisations working with young people and adults, especially those with few opportunities such as unemployed young people and early school leavers. Participants will receive information on opportunities for young people in Europe, as well as discuss effective ways to support future workers, trainees, students and volunteers in cooperation with relevant local organisations.

There are many opportunities for young people from Ireland in Europe and the TTM events promise be a great opportunity to exchange information and start or enhance meaningful cooperation between Eurodesk multipliers, adult and secondary school guidance counsellors, Youthreach and CTCs, ETB youth officers, INTREO offices, LESN, JobClubs, PLC & FET Guidance, Training Centres, Regional Skills Managers and relevant information networks.

More about Eurodesk:

Today, more than 1,200 youth professionals work with Eurodesk in Europe to raise awareness among young people about mobility opportunities and to encourage them to become active citizens. As a support organisation to the EU education and training programme Erasmus+, Eurodesk provides comprehensive and accessible information on learning mobility to those who work with young people. Eurodesk youth workers always make sure that the information

they channel is relevant and timely. Eurodesk information points can be contacted via the Eurodesk.eu website across Europe and Eurodesk.ie website for Ireland.
